Currently, I am 19 years old, living in the wonderful city of San Francisco. I attend the Academy of Art University all the while participating in the Tennis team. I am pursuing my career as a Web Designer with an emphasis on New Media and User Experience. Eventually aiming to work in a major company, or a start-up. I am a team player and enjoy the company of people and animals, they always bring me joy.

## Summary/Achievements

I have been a student at the Academy of Art for 2 year and I have great experience in Adobe Creative Cloud Programs. I have completed several projects using programs like Illustrator, Xd, Photoshop, InDesign, After Effects, etc. I am a designer person. Although all my educational background is in digital design, I love all areas of design and problem-solving. I have been the leader of several class group projects and I do freelancing work for companies. Currently, I am a student-athlete on the tennis team at the Academy of Art.
